Program Description – prepared by Brainfuse Online Instruction

Brainfuse Description:

We are the nation's leading provider of one-on-one tutoring to students, offering live, online instruction in math reading and SL (grades 3-12). With Brainfuse, your child will receive individual attention from the nation's finest tutors – all from a home computer with Internet access. Students love learning with Brainfuse because they are able to ask questions more freely. Also, we offer freedom when choosing tutoring times for your child.

How and when Brainfuse is provided?

Sessions are typically one-hour, and are held generally 2-3 times per week. Brainfuse tutoring can be scheduled at any time – day or night – 7 days a week. Also, most programs last an entire school year, however semester-long and other customized program are also available.

Orientation

We begin each program by meeting with parents and teachers to establish specific academic objectives and develop a learning plan. These objectives are revisited throughout the program and serve as guideposts for tracking your child's progress.

Progress Reports

Progress reports are provided on average every 15 sessions, and are available to students, parents and teachers 24 hours a day, 7 days a week on our website. (Brainfuse can also mail or fax progress reports upon request). Also, transcripts of previous sessions are made available to parents on the student's personal web page.

Brainfuse Tutors:

Our tutors are certified teachers and other experienced educators. All instructors possess at least a four-year college degree and must undergo a rigorous certification process, including background and reference checks, multiple interviews, skill testing, and extensive training.

Brainfuse Effectiveness:

Independently conducted studies confirm that Brainfuse significantly boosts test scores and improves classroom performance. Of the students who received customized test preparation from Brainfuse: Approximately 75% significantly boosted test scores, and over 70% of students who had previously failed their respective state's exam have passed after regularly attending Brainfuse sessions.

Why Choose Brainfuse?

We ensure that your children receive premium, customized instruction. Also, surveys indicate that student prefer Brainfuse to traditional group tutoring because they are able to ask questions more freely and work from the privacy of their home. All of our programs and assessments are aligned to Maine standards and have proven to boost grades and test scores. Additionally, Brainfuse can tutor non-English speaking students in Spanish, Russian and Korean.
